Letter of Recommendation
Date: 10th June 2016

To whom it may concern:

My name is Alexander Wright, First Representative from the-wright-home foundation, Buedingen, Germany.

Buedingen, 10th June 2016

Since April 2013 we have been deeply involved in our cooperation with the Community Based Organisation 'Phelisanong' at Pitseng / Lesotho under the unique leadership of Me Mamello. From then on was our special emphasis to encourage and empower the members of the community to assume responsibility for their lives and show initiative.

I have known Me Mamello and her NGO 'Phelisanong' for 4 years. In all my 20 years of leadership experience, some people stand out for their great qualities and Me Mamello is one of those people. She is well known for her warm hearted style, social ethic, positive attitude, teamwork mentality and leadership qualities. She is so well respected throughout the organisation for getting things done and accomplishing lot of tasks despite of any reluctances. Throughout the time I've known her, she has shown me time and again that she is a positive, motivated leader with amazing potential.

On her daily routine (under support of her reliable staff members) she implements, evaluates and reports on programs that provide both immediate emergency relief and sustainable local development. She oversees the distribution of essential foods and supplements, coordination of primary health care services, training of program delivery teams, provision of logistical and technical support, and the preparation of funding submissions and grant proposals. This role has also involved collecting and analysing data on the impact and effectiveness of the health programs of 'Phelisanong'.

With an ability to manage large teams of people (including the Pre- and Primary School) she remains to be calm and positive under pressure, especially in what comes out to be difficult or in traumatic situations.

Especially humanitarian emergency situations, and an understanding of the importance of developing sustainable community development programs is on her daily topic list.

In summation, due to her great attitude and dedication I would heartily recommend Me Mamello as the role model for 'Phelisanong'.

We think that her life has been driven by a strong passion to alleviate the suffering of disadvantaged babies, children and people in the community and that her strongest gift is LOVE.

Please don't hesitate to contact me if I can be of further assistance. I can be reached at info@the-wright-home.org in Germany.

Sincerely,

Alexander Wright
